

SENATOR JEFF DAVIS DIES SUDDENLY IN HIS LITTLE ROCK HOME

Apoplexy Kills Legislator Who
Was Three Times Gov-
ernor of Arkansas.

LITTLE ROCK, Ark., Jan. 3.—Definite arrangements for the funeral of the United States Senator Jeff Davis, have not been completed, but it is probable that the services will take place next Sunday, and that his body will be placed in the family burial plot at Russellville. Senator Davis died suddenly at 12.35 A. M. today of heart failure, the culmination of an illness of several months. However, his condition apparently was improving and yesterday he was at his office the greater part of the day.

The death of Senator Davis upon the eve of the ratification of his re-election by the Legislature creates a peculiar political situation in Arkansas, and while an authoritative statement has not been made, it is possible a special session will be called to select a successor for the full term beginning March 4 next. As an alternative it is suggested that the Legislature would have power to name the new Senator.

Gov. George W. Donaghey, who will retire from office Jan. 13, and Congressman W. A. Gilfield had tentatively announced that they would be candidates for the United States Senate two years hence to succeed Senator James P. Clarke.

Senator Davis was born in Little River County, Arkansas, in 1842. He was graduated from Vanderbilt University in 1864 and admitted to the bar in Pope County the same year. His first wife was Mrs. McConis of Russellville, Ark., whom he married while still a sophomore in college. Later, when as was a widower, he married Little Clarke in 1871. He became prosecuting attorney of the Fifth Judicial District of Arkansas in 1892 and Attorney-General of the State six years later.

After two years in this office he was elected Governor of Arkansas and re-elected twice, thus having the honor of being the only Governor in the history of the State to have been its Chief Executive for three consecutive terms. In 1904 he was delegate-at-large to the Democratic National Convention, and three years later was chosen United States Senator. His term there would have expired March 3 of the present year.

SHOT TO DEATH AT HIS OWN DOOR BY MEN WHO ESCAPE.

Joseph Taylor Is Assassinated at
Greenwich, Conn., and Mystery
Strouds Motive of the Crime.

(Special to The Evening World.)
GREENWICH, Conn., Jan. 3.—Joseph Taylor, a well known citizen of Pemberton, N. J., was murdered here this morning, and Constable D. J. Hyson, Claude Coles and numerous others are searching the community for the Italian who, it is believed, is responsible for the murder.

Early risers at Pemberton heard several pistol shots and investigating, saw three Italians running away from the garage of Taylor in front of his own house. It is believed the men had some grudge against Taylor and laid in ambush for him, when he first appeared out of his house this morning, shooting him down.

Dr. Clarke found three bullets had entered his body. Taylor was forty-five years old, married and had a large family.

GAS IMPERILS FIREMEN.

Six Are Nearly Overcome Fight-
ing Cellar Blaze.

A half dozen firemen of Engine Company No. 41 barely escaped being overcome by the fumes of leaking gas, in a cellar fire in the two-story frame house, No. 273 Third avenue, today, but they managed to stagger into the open air before any of the number collapsed.

The fire started in some merchandise under the military store of Herman Burdock, on the first floor, and so damaged the gas connections that the fumes commenced to leak into the cellar. While the firemen were fighting the blaze, the Third avenue surface line was blocked for half an hour.

BAKER DRANK THE MILK.

But the Milkman Saw Him and
Chased Him to Arrest.

Ernest Ludecke of No. 430 East One Hundred and Thirty-sixth street was fined \$1 by Magistrate Campbell in Morrisania Court today for stealing cream from milk bottles. Many complaints reached the Bronx branches of various dairy companies that milk was delivered with the cream taken from the tops of the bottles.

Arthur Truemer, an inspector for the Sunfield Farms Company was assigned to investigate. He hid in the basement of an apartment house at No. 5 Donner place early this morning and saw Ludecke, who was delivering bread and rolls go to the dumbwaiter, take off several bottles of milk and drink the top milk. Truemer chased him out of the cellar and into the arms of Policeman Murphy.

FIRE BLOCKS 4 CAR LINES.

Partly Destroyed Frame Building at
140th St. and 86 Ave.

The partial destruction by fire of the three-story frame building at No. 273 Third avenue, the Bronx, completely blocked four intersecting surface car lines at the One Hundred and Forty-ninth street corner of Third avenue for half an hour this morning.

The fire started from a leaky gas pipe in the basement under the military store occupied by Herman Burdock on the first floor. Several families on the two floors of apartments above the store were moved out hastily. The fire caused about \$700 loss.
